COMET, VENUS, MOON FORM COMBINATION

Brilliant Spectacle Seen in
Eastern Sky Early
Thursday Morning

On Thursday morning from 4:30 to 5:30 there appeared in the eastern sky a spectacle, considering the beauty of its tracings and delicate surroundings, makes man's effort in the line of display seem indeed. The combination consisted of Venus, the comet and the moon. Venus was first to appear, she being at her brightest phase and was most beautiful. The waning moon followed, while a short distance to the north appeared the comet. The trio in their settings of pale blue made an interesting and awe inspiring spectacle.

CALDERON JAILED ON LIBEL CHARGE

Francisco Calderon, former secretary of the federal court in Ciudad Juarez under the federal government, is in jail in Ciudad Juarez on a charge of libel, preferred by judge Juan N. Amador, the judge of the federal court under the insurrection government.

Calderon is charged with having written articles which were published in the Paso del Norte, a Mexican paper published in El Paso, in which there were attacks on judge Amador. The articles bearing Calderon's name have been running in the paper for some time, but the particular articles mentioned in the charge, it is said, appeared during Amador's absence in Mexico City, when he was the delegate to the national convention.

The case will come before the court of which Amador is the judge. Amador is the complaining witness. At present attorney Escutinas is acting judge of the court.

GREETINGS.

We are awfully glad to have you come
To join us for some days of fun,
From out the hills and vales of sand
In El Paso by the Rio Grande.

We wish to show what can be done,
In this land of sand, where shines the
sun;
To give you "Welcome" heart and
hand,
And show you sport to beat the band.

Now, don't slip on our pavements grand,
Thinking they be hills of rock and sand.
For spurs don't catch where things are
smooth;
It takes hide and hair to hold them
good.

We have worn our spurs a good long
time
In Uncle Sam's domain down by the line.
While yours are new, we know they'll
grow,
Dear Arizona and New Mexico.

You 'martin put up a stubborn fight
To get into this corral of night;
You 'aint no "hus beens," comrades
true,
But the last "hope" to fill our flag of
blue.

So "twinkle, twinkle, little stars,"
May you ever shine as bright as Mars.
Taft put your "recall" on the bum,
So now, be good—put up your gun.

So see the sights in this town of ours,
And make yourselves happy thro' the
hours.

MARKETS

NIP AND TUCK IS FIGHT OVER WHEAT

Market Full of Activity,
With Quotations Almost at a Poise

Chicago, Ill., Oct. 19.—It was nip and tuck today in wheat. Many traders fought for a continued advance, but seemingly an equal number struggled to bring about a reaction. The result was a market full of activity and yet quotations almost at a poise.

The opening was the same as last night to the down. December started at \$1.00 1/2, the identical price shown by the market taken altogether. A rally to \$1.01 1/2 followed. The May option at the same time made a slight net gain.

The close was steady with December at \$1.01 1/2, exactly the same as last night.

There were a good many resting orders to sell corn. December opened 1/4 higher at 55 1/2, and fell back to 55 1/4.

The close was easy, with December 1/4 to 1/2 net lower at 55 1/4 to 55 1/2.

Absence of selling pressure allowed oats to have a little in prices. December started a shade lower at 47 1/2, but then ascended to 47 3/4.

Strength in the market for hogs gave provisions a lift. Initial sales were 2 1/2 to 10c up, with January at \$11.60 for pork; \$9.00 to \$9.02 1/2 for lard, and \$8.15 for ribs.

ACTIVE SELLING DEPRESSES STOCKS

Upward Movement in Afternoon Causes Rally and Spirited Buying

New York, N. Y., Oct. 19.—An unusual active selling movement this morning depressed the stock market after prices had been advanced generally. The selling was largely in the nature of a bear raid, which proved so active that considerable long stock was forced on the market. Announcement of the United States Steel corporation's decision to cancel its lease of the Great Northern ore lands was accepted as a bullish factor at the opening and was largely responsible for heavy buying of United States Steel and other standard issues.

The market encountered active selling on the rise. Active weakness of various specialties, notably American Can, which broke four points, alarmed holders of stocks.

There was more general selling, which depressed prices of some of the important issues substantially. The apparent absence of support encouraged the professionals to seek weak spots, and they uncovered stop loss orders at various points.

Talk of government proceedings against the Corn Products Co. led to increased sales of the stocks at sharp declines. Purchases by the short interest and a two point rally by Great Northern Ore certificates steadied the market before midday.

Bonds were heavy, especially American Tobacco 8s which went down 1 1/2 to 115, making the week's loss three points.

A steady upward movement by 1 o'clock brought the favorite issues up to yesterday's close or above. Prices hardened and there was little inquiry for stocks. The close was strong.

A spirited buying movement developed in the final hour and the best prices of the day were made by United States Steel, Reading and Lehigh Valley.

There also was an increasing show of strength by the general list. Canadian Pacific sold 3 1/2 above yesterday's close, Lehigh Valley 2 1/2, and United States Steel two. Great Northern Ore certificates recovered about half of the decline. The copper stocks moved up vigorously on the announcement of an advance in the price of the metal.
